

Street Marketing is the marketing of the future.

Street Marketing

Stafix®'s material comes off as easily as it is displayed, leaving no other impressions than the one left in the minds of the consumers.

Street marketing tactics are evolving as an effective method to reach consumers. With Stafix you can have a wild campaign, but the clean up afterwards will be much easier.

By using Stafix® for your Street Marketing campaigns you can place your ads in places where they surprise and gain the most attention without harming any surfaces.
